

SIKESTON PLEADS NOT GUILTY THIS TIME

The baby is still here, what's become of the mother?

D. W. Revelle of the Revelle rooming house, on Main street, and Mrs. C. I. Hobbs, wife of the Frisco news manager, would like to know.

A nicely dressed woman went to the rooming house at 1 o'clock Thursday night and asked to be assigned a room. She carried a young infant and a black traveling bag.

After registering as "Frances Anderson, Sikeston," she was shown to a room.

Some time later Revelle heard the baby crying and as there seemed to be no one caring for it he went to the room and knocked on the door. Getting no answer, he opened the door and found the baby, which had been crying so lustily and long it was almost black in the face.

But the woman was gone. Not knowing just how to get the baby quieted, Revelle sought aid. He went to the Frisco station to see if he could find the mother. She was not there.

He told his trouble to Mrs. Hobbs, wife of C. I. Hobbs, manager of the news stand in the station. Mrs. Hobbs accompanied him to the hotel and took charge of the baby and succeeded in getting it pacified. She has the baby yet and nothing has been heard of the mother.

The baby is about a week old is a boy and seems a healthy, sturdy youngster.

Mrs. Hobbs says if no one else will take the child and promise to give it a good home she will keep it.—Cape Misourian.

NEGRO BURGLAR GOES TO THE PEN

Chas. Scott, the negro, who was captured here two weeks ago by officers Monan and Roly McDonald, was tried Thursday at Benton and sentenced to five years in the penitentiary. Scott was a member of the Highway Construction gang working near Benton. He robbed the man in charge of the Commissary department of \$90 and a watch and made a get-away. Authorities here were notified to watch out for him. McDonald "spotted" him next day and when Mr. Nigger was told he was wanted at the City Hall, he flourished a gun and informed McDonald that he wasn't going. McDonald being unarmed, let him go until he could find a gun.

Mr. and Mrs. Gord Dill and children and Mrs. Lottie Seimers returned Friday night from an overland trip to Kentucky.

Mr. and Mrs. Roy Wadlington, who have been visiting Mrs. LeRoy Moore and Mrs. C. M. Smith Sr., returned Monday to their home in Rector, Ark.

Ralph McDonald of Paragould, who has been visiting his uncle, Roly McDonald and family, returned home Sunday. Miss Lora McDonald accompanied him as far as Poplar Bluff.

SPECIAL TRAINS FOR THE SIKESTON FAIR

PARTY

Heavy travel occasioned by Southeast Missouri District Fair to be held at Sikeston, September 29th, 30th, October 1st and 2nd.

EQUIPMENT

Frisco to provide buffer and three coaches.

MOVEMENT

Special train, September 29th, 30th, October 1st and 2nd as follows:

8:00 a. m. leave Cape Girardeau, arrives 12:50 a. m.

8:15 a. m. lv Gulf Junction, lv 12:38

8:25 a. m. lv Ilmo lv 12:25 a. m.

8:45 a. m. lv Commerce lv 12:05

8:57 a. m. lv Redman lv 11:43 p. m.

9:05 a. m. lv Benton lv 11:48 p. m.

9:16 a. m. lv Morley lv 11:33 p. m.

9:22 a. m. lv Brooks Junction lv 11:25 p. m.

9:47 a. m. ar. Chaffee, lv 11:00 p. m.

9:55 a. m. lv Chaffee, ar 10:52 p. m.

10:10 a. m. lv Oran, lv 10:37 p. m.

10:20 a. m. lv Brooks Junction lv 10:27 p. m.

10:30 a. m. lv McMullin, lv 10:13 p. m.

10:45 a. m. ar. Sikeston, lv 10:00 p. m.

TRANSPORTATION

All passengers will hold regular transportation, conductors collecting in the usual manner. Agent, Sikeston, will secure guarantee of minimum earnings of \$900 for four days' service plus tax, holding this guarantee until auditor can advise actual earnings, which should be done without delay.

SPECIAL HOLD:

Train No. 827 to be held at Sikeston for departure one hour later each day, which will be 6:18 p. m.

Nice huck towels 25c.—Pinnell Store Co.

Miss Bernice Waltemate returned Monday from a brief visit with homefolks in Poplar Bluff.

Mrs. D. R. McDonald and three sons, who visited last week at the home of Roly McDonald, returned Monday to their home in Paragould.

Mrs. Antone Meiderhoff went Monday to Poplar Bluff to meet her daughter Mrs. Frank Shoen of Texarkana and Miss Anna Meiderhoff. Miss Anna has been with her sister in Texarkana for several weeks past.

News was received her Sunday of the marriage of Landon Wilson, son of Mr. and Mrs. W. J. Wilson of this city and Miss Terrietta Armstrong of Illinois. The marriage took place Sunday morning at Catron and the young couple left on the north bound train for a few days stay in St. Louis.

Listen! The pastor of the colored Methodist Church, who has been stationed at Sikeston for the past year, has raised something like \$900 to erect a church house for his people. The trouble now is: To find a lot on which to place the church. Sikeston has about 100 colored citizens and they need a place of their own in which to be good citizens, obey the laws, and work to uplift their race, and are wondering why it is that they are unable to purchase the needed ground for their building.

CONFEDERATES MAKE MALDEN THEIR CAMP

The annual re-union of John P. Taylor Camp, United Confederate Veterans, was held in Malden Friday, August 27, with only ten out of a membership of forty-two, present. The Camp was organized about 21 years ago with a membership of 300.

The entertainment began at noon with a barbecued dinner served in the basement of the Methodist Church. The Malden orchestra delighted the Veterans with a number of pleasing selections including "Dixie," always the favorite of the "Rebels" and "Yankee Doodle" as a compliment to the one lone "Yank," who was the guest of his former foes.

Back of the speakers' rostrum, in the church auditorium, where the business meeting was held, was hung the Stars and Stripes and a historic Confederate battle flag of the 19th Louisiana Regiment. This flag was last used in the Battle of Shiloh. In this battle the Commander of the regiment, Col. James M. Hollingsworth, was killed. After the battle the members of the regiment sent the flag to his widow, Col. Hollingsworth was an intimate friend of Col. Henry N. Phillips. In 1912 Col. Phillips visited his old home and while there, the widow of his friend sent for him. She requested him to keep it as long as he lived and when he died to be buried in its folds. Col. Phillips prizes the flag very highly and will comply with her request.

The 1921 reunion will also be held in Malden, it having been decided last year to make Malden their permanent meeting place.

Extra special, 99c on men's dress shirts.—Pinnell Store Co.

Miss Anna Clayton, who has been visiting her parents, Mr. and Mrs. M. L. Clayton, returned Friday afternoon to Cape Girardeau.

E. M. Harmon, Dairy Extension Specialist of the State College of Agriculture, visiting W. E. Ford Friday. Mr. Harmon had been in the New Hamburg and Egypt Mills communities looking over the splendid Guernsey herds. There has been some talk of forming a Scott and Cape County Cow Testing Association, but Mr. Harmon advised against it until there is a greater number of herds.

Mrs. Murray Klein and Miss Camille Klein entertained Monday afternoon with a Five Hundred party. The guest list included Miss Daisy Garden, Mrs. J. E. Smith Sr., Mrs. H. J. Stewart, Mrs. W. S. Way, Mrs. E. C. Matthews, Mrs. Leonard McMullin, Mrs. Joe Matthews, Mrs. Tom Roberts, Mrs. Charles Dover, Mrs. Harry Dover, Mrs. C. D. Matthews Jr., Mrs. C. L. Blanton, Mrs. Harry C. Blanton, Mrs. Chas. Prow, Mrs. A. C. Sikes, Mrs. Harry Smith, Mrs. Paul Anderson, Mrs. Jesse Kimes, Mrs. Walter Clymer, Mrs. R. E. Wylie, Mrs. Earl Johnson, Mrs. W. B. Malone, Mrs. Frank Van Horne, Mrs. J. H. Yount, Mrs. Lynn Stallcup, Mrs. E. A. Lawrence, Mrs. Caleb Matthews and Mrs. Lyman Matthews of Oran.

SIKESTON COUPLE MARRIED AT MORLEY

Miss Irene Randol and Arnold Stone surprised their many friends, when they slipped away Thursday evening and were married at Morley, Rev. Patterson of the Morley Baptist Church officiating. The young couple gave no hint of their intention when they started, presumably for an auto-ride. The distance to Benton was quickly covered, a license obtained and they drove back to Morley to be married.

The bride, the daughter of Mr. and Mrs. Lowndes D. Randol, was born and reared here, graduated from the High School with the 1920 Class, and for the past few weeks has been employed in the office of the Southwestern Bell Telephone Co.

The groom is the son of Mr. and Mrs. Parham Stone, living a few miles above this city. He, also attended Sikeston High School and spent several months during the war, in training with the U. S. Navy. The young couple plan to go to housekeeping on a farm above town as soon as they can get possession of the place.

The Standard extends congratulations and best wishes.

DEMOCRATIC STATE COMMITTEE READY

The new Democratic State Committee this week opened headquarters in the Pontiac Building, Seventh and Market streets, St. Louis, and is prepared to carry on an active and aggressive campaign in behalf of the entire Democratic ticket.

C. E. Yancey of Liberty, chairman of the committee, and his associates, have thrown off their coats and have plunged into their work enthusiastically.

In his opening statement, Yancey declared that with the "Democratic Party standing for continued prosperity and welfare of our people but not unmindful of our obligations to humanity and the other nations of the world, and with the splendid personnel of our ticket, both State and National, that Democrats should be proud to support and work for them and there should be no lagging."

Former Senator Kirk Hawkins of Springfield, is directing the work of the speakers' bureau. Doc Brydon of Bloomfield and J. E. Boggs of Columbia, are members of the bureau. Mrs. J. W. McKnight of King City, and Mrs. Kate Morrow of Jefferson City, chairman and secretary, respectively, of the Woman's Democratic State Committee, are at the headquarters and are actively directing the campaign among the Democratic women.

Mr. and Mrs. C. D. Matthews Jr. and "Buddy" went Monday to St. Louis for a few days stay.

The Game of School started in Sikeston Monday morning with a professional on every bag. About a thousand rooters were present to enjoy the winter's game and it is hoped that everyone will get its money's worth.

GERMANY DUMPING SURPLUS GOODS IN U. S. AND ENGLAND

Washington, August 31.—Germany is dumping its surplus of inferior goods in the United States and England and is making its exports to Great Britain "Made in America" and its exports to the United States "Made in England," official advices received here today stated.

German exporters are following this practice, the advices said, in an effort to regain their former foreign trade and to realize quickly large sums on manufactured articles which otherwise might not be sold because of popular prejudice. Such tactics are discrediting American manufacturers in England and British manufacturers in the United States, the advices declared.

Mrs. H. H. Jordan and Mrs. C. E. Duke visited Monday at the L. D. Randol home.

T. Tyson of Morehouse, a son of Mr. and Mrs. M. S. Tyson, enrolled Thursday in the Banking Department of the Chillicothe Business College.

Sister Marita and Sister Emmeline of St. Mary's Infirmary at Cairo, visited Mrs. C. H. Harris Saturday and Sunday. They were en route home from Caruthersville, where they attend the funeral of Miss Vivian Irene Tinsley, a nurse at the Infirmary, who was killed in an auto accident in St. Louis.

Elizabeth and Charles Corrigan, who have been visiting their grandmother, Mrs. Bettie Matthews, returned Friday to their home in Poplar Bluff.

Several weeks ago A. B. Skillman stepped on a large rat and was bitten on the ankle. Home remedies were applied on the wound, which healed without showing signs of giving further trouble. Last week Mr. Skillman noticed the place was badly inflamed and it soon became extremely painful. Within a few hours he was unable to walk and his fever ran so high the physician became very much alarmed. This condition continued for several days. In the center of the wound, a place about as large as a silver dollar, the flesh is dead and now shows signs of dropping out. Mr. Skillman is just now able to hobble about the room on crutches.

SUBMARINE WIRELESS PLANT

German Apparatus for Signaling U. S. Boats Found.

Malta, Aug. 31.—A complete wireless apparatus which was anchored in 20 fathoms of water off Melleha Bay, with the mast and working parts below the surface to a depth of about eight fathoms, has been discovered by a party of fishermen.

The apparatus, which was subsequently removed by the dockyard authorities for an examination, is of German construction and is complete in every detail. Undoubtedly signaling went on regularly during the war with submarines lying in wait for British vessels, it being quite possible to sink the mast before the operations were detected.

Misses Dorothy Alexander and Helen Ostner of Charleston visited last week at the home of Mrs. Joe Matthews.

Miss Laura Keller of Cape Girardeau was in Sikeston a few days last week for a visit with Miss Hazel Stubbs. Miss Keller expects to leave soon to study voice in New York City.

Dr. V. D. Hunter and family returned Friday morning from a motor trip to Louisville and other points in Kentucky. They report a delightful trip over, but on the return trip found miles and miles of muddy roads.

Farm Live Stock

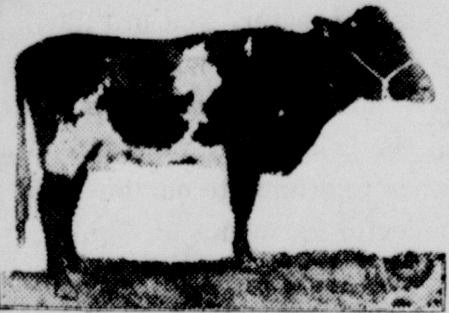

RECORD IN CATTLE TESTING

Federal and State Authorities Have 537,240 Head Under Supervision in Many Sections.

From time to time the bureau of animal industry publishes a "communiqué" showing conditions along the wide battle front where the allied forces of federal and state authorities are fighting cattle tuberculosis.

The latest report indicates that since the beginning of the movement in 1917 the owners of 500,000 cattle have placed their herds under supervision.

On April 1, 1920, 25,793 herds scattered throughout the United States, with a total of 537,240 cattle, were under the co-operative supervision of the department of agriculture and state veterinarians. There were 2,230 accredited herds—60,237 cattle known to be free from the plague.

A Typical Native Scrub, and Obstacle to Progress in Live Stock Improvement.

Over 115,000 cattle were on the waiting list to be tested as soon as the veterinarians can work with them. Still another lot of 258,381 cattle have passed through the first stage of the test without showing any dangerous symptoms. The least optimistic estimate indicates that two-thirds of this number will conclude the test satisfactorily, and add 170,000 cattle to the accredited column.

HAMM HAS PUREBREDS ONLY

South Dakota Farmer Asks Enrollment in "Better Sires—Better Stock" Movement.

Declaring that not only all his sires but likewise all his female breeding animals were purebred, Charles P. Hamm, a South Dakota farmer, applied for enrollment in the "Better Sires—Better Stock" campaign conducted by the United States department of agriculture in co-operation with state agencies. He is a breeder of Short-horn cattle, Percheron horses, Duroc-Jersey hogs, Rhode Island Red chickens, and Bourbon Red turkeys.

The better-sires movement is aimed particularly at the use of superior purebred sires, but the majority of those enrolled also keep some female stock. Mr. Hamm, however, is the first person officially listed as keeping five classes of live stock in which all the animals—both male and female—are purebred.

GRAIN FOR HOGS ON PASTURE

Full Feed Is Not Economical Where Grass Is Plentiful—Some Protein Feed Favored.

Hogs on pasture require grain for greatest profit in pork production, but a full feed is not economical when pasture is plentiful and grain high-priced. When corn alone is fed a limited ration is considerably cheaper because the forage crop takes the place of much of the grain.

Some protein feed, such as tankage or skim milk, is recommended to be fed in small quantity along with corn and pasture to pigs weighing less than 100 pounds. Pork production is usually too expensive when such feeds are given to large hogs, especially if they are on such pasture as alfalfa, clover, rape or soy beans, all of which are high in protein.

INDIANS FAVOR IMPROVEMENT

Live Stock Owned by Navajos in New Mexico to Be Bred to Purebred Sires in Future.

More than 191,000 head of live stock owned by Navajo Indians in New Mexico henceforth will be bred only to pure-bred sires. The female stock includes 3,000 cattle, 8,000 horses, 150,000 sheep, and 30,000 goats, besides smaller numbers of swine and poultry.

The Indians have signified their support of the "Better Sires—Better Stock" movement. The United States department of agriculture is co-operating in supplying the Indians with literature dealing with live-stock improvement.

ESSENTIALS FOR SWINE

The following combination should be kept before the hogs at all times:

One hundred pounds of slaked coal or wood ashes, four pounds air slaked lime, two pounds common salt, one pound epsom salts.

Mix thoroughly and sprinkle over the combination the following solution:

Two pounds copperas dissolved in one quart boiling water.

RESULT OF SPRAYING TO CONTROL ARMY WORM

While the army worms were so active in the destruction of Missouri's crops this summer, spraying was one of the measures taken to control them. Agent Flanery, Dunklin county, sprayed several fields of corn the first week in August. Two weeks later he visited the demonstrations and saw that spraying had effected control of the worms. In his report to the University of Missouri College of Agriculture he says: "You can tell to an inch the height of the corn when it was sprayed. The worms stopped eating and the corn grew out nice and fresh with not a puncture in the blades or stalks. We had a good opportunity to make comparison with an infected field not sprayed. This field of corn looks very inferior to the one sprayed. About half the blades are entirely gone and all are more or less punctured and chewed up. Both fields are now in silk and tassel. The sprayed field promises an ordinary crop, while the field not sprayed looks as if it will make no more than a half crop."

We are showing a nice line of Ladies Muslin Underwear at the right prices.—Pinnell Store Co.

Alexander Mosely has missed a lot of hay from his stack on Petunia Ridge. Suspicion rests on Miss Lidia E. Peck as she looked much larger at church Sunday than she did the last time anybody saw her dressed up.—Hogwallow News.

A. J. Matthews, the Sikeston capitalist and big land owner arrived in Portageville Sunday evening with a surveying force, we learn to make arrangements to put in between 300 or 400 acres of his land west of the L. C. Phillips plantation in the Little River District, in wheat this fall. He went out Monday to view the land and will put in ten tractors to do the plowing.—Portageville Missourian.

MAN ASKS RIGHT TO SEEK MISSOURI HIDDEN TREASURE

Jefferson City, Mo., September 2.—The Governor received a letter today from Orrin McDonald of Kansas City, in which authority to seek hidden treasure in this state was asked. He says a vast amount of money and valuables were hidden in Missouri during the Civil War and since that time, and if the Governor will give him a license to hunt for this wealth he will return 10 per cent on all he finds to the state.

He also asks the Governor to make inquiries about any localities where it is supposed money was hidden, as the state will have direct interest in the success of his project. So far the Governor has not replied to the letter, and if he does, McDonald will be informed that the state does not license seekers after hidden treasures and he will be at liberty to keep all he finds.

NEWS PRINT PAPER PRICE RAISED TO \$130 PER TON

New York, September 2.—The International Paper Company announced today that prices for the fourth quarter newsprint in rolls will be \$6.00 a hundred pounds, or \$130 a ton. Prices in effect for the current quarter is \$115 a ton.

Contract prices for newsprint furnished by the International Paper Company are adjusted each quarter; the price to be charged is based on costs of production. Price for the first quarter of this year was \$90 and \$100 for the second quarter.

In announcing a price of \$130 a ton for the final quarter of the year the International's quotation is now the same as that of the Canadian Export Paper Association, which handles the greater part of the shipments from Canada.

The Sikeston Standard \$2.00 per year

BOLSHEVIK PROPAGANDA BASE FOUND IN MEXICO

Washington, September 2.—The Mexican Government has come into possession of information, which seems to indicate that certain Bolshevik leaders some months ago selected Mexico as a base of operations from which to propagate Bolshevism in the Western world.

It is stated that the De la Huerta Government has reported the facts in the case to all the governments in North and South America, and the exposure of the Bolshevik plots in Mexico, has, within the last few days, led the De la Huerta Government to order the expulsion from Mexico of several of the most prominent leaders in the movement, one of them a New York draft dodger, Lynn E. E. Gale, who, since 1917, has been editor of the most bitterly anti-American paper published in Mexico.

According to the information reaching Washington, the De la Huerta investigation disclosed that the movement in Mexico was directed from Europe, probably from Russia, and that among other things the leaders had planned for demonstrations in various North and South American countries on January 1, next.

The fact that vicious propaganda was being waged in Mexico came to the attention of the Mexican Government as the result of the circulation in the Mexican Army and military schools of treasonable circulars, the appeals being directed in many instances to soldiers about to be mustered out of service by orders of President De la Huerta.

ELLIS ISLAND IMMIGRANTS RIOT AT SIGHT OF SUGAR

New York, September 2.—A "sugar bowl" riot broke out among the 1750 immigrants in the Ellis Island dining room today when, for the first time since the war sugar substituted for molasses to sweeten coffee, was put on the tables. Several aliens were removed to hospitals, one with three fractured ribs.

Some of the hundreds had not seen sugar since the first months of the war. They immediately began to delve with their fingers into the sweet stuff.

General attacks were launched at a few who tried to pocket the bowls. Before the riot ended all guards, wait-

ers and kitchen employees had to be rushed to the scene.

Individual sugar packages will be distributed hereafter at meals, it was announced later.

See our line of men's and boys' pants.—Pinnell Store Co.

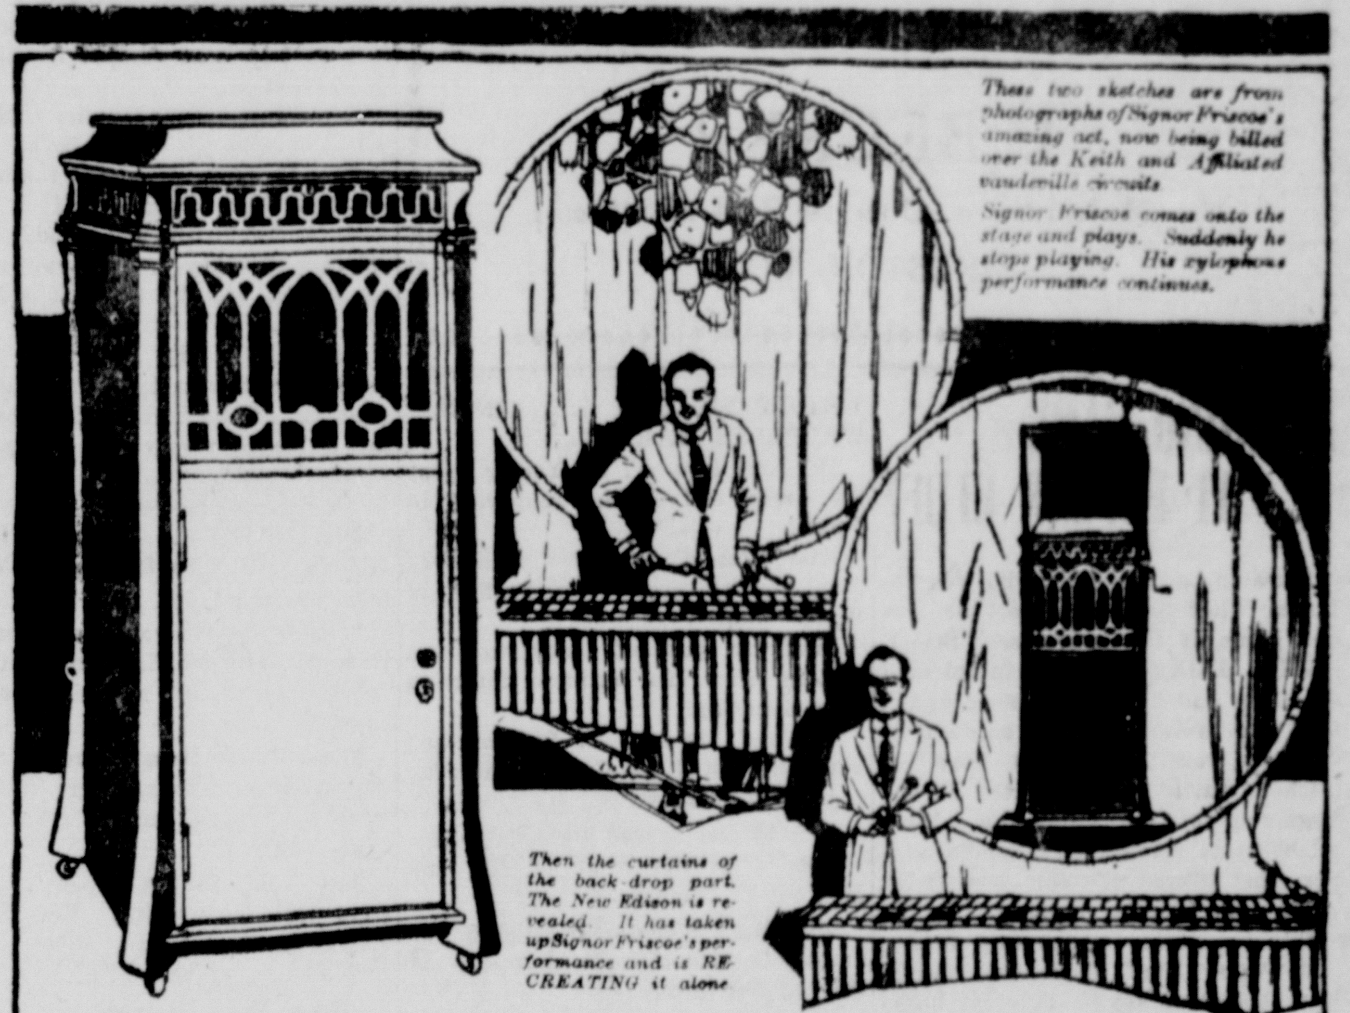

Chicagoan is the inventor of a hoist to lift either end of an automobile or motor truck sufficiently for a man to work under it without lying down.

Sister Mary Dominic, pharmacist at St. John's Hospital in St. Louis, has been notified by the Missouri Pharmaceutical Board of Examiners that she has received the highest grade of all the candidates taking the examination in Missouri this year.

STARVING PARENTS SELL DAUGHTERS FOR \$10.00

Peking, September 2.—Girls are being sold by their parents in famine ridden districts a short distance south of Peking, according to advices received here today. Girls 10 years of age have been sold for \$10, it is reported in a petition for relief received today by the Ministry of Interior. Famine conditions are due to drought, visitation of locusts and the recent devastation wrought by fighting troops.

The cork from hundred of thousands of life preservers in England is being removed to be manufactured into linoleum.

These two sketches are from photographs of Signor Friscoe's amazing act, now being talked over the Keith and Affiliated vaudeville circuits.

Signor Friscoe comes onto the stage and plays. Suddenly he stops playing. His xylophone performance continues.

Then the curtains of the back drop part. The New Edison is revealed. It has taken up Signor Friscoe's performance and is RE-CREATING it alone.

You can hear it in our store

—the phonograph that is featured in Vaudeville's strangest act

Perhaps you've seen it—Signor Friscoe's "Magic" Xylophone Act.

It's the hit of vaudeville's "Big-Time."

Signor Friscoe's "magic" is an Official Laboratory Model of the New Edison. We have one exactly like it.

Signor Friscoe's instrument is an exact duplicate of the original Official Laboratory Model, which cost Mr. Edison three

million dollars to perfect. Our instrument is also an exact duplicate of this famous three million dollar original. We guarantee it to be able to give the same marvelous RE-CREATIONS of music, which Signor Friscoe's Official Laboratory Model gives in vaudeville.

Come in and test the astonishing realism of this instrument for yourself—in Mr. Edison's Realism Test.

The NEW EDISON

"The Phonograph with a Soul"

You've read how the New Edison has proved its perfect realism. Four thousand tests have been given, in which more than 50 different artists compared their art with its RE-CREATION by the New Edison. Leading newspapers conceded that there was no difference between the two.

Has any one suggested to you that these comparison tests are "faked"—that the artist imitates the New Edison?

Signor Friscoe's performance makes such an assertion positively ridiculous. Every week, 20,000 people see his hammers ripple over the xylophone keys. Suddenly he holds them aloft—still.

The rippling music continues.

Slowly, the gorgeous curtains of the back-drop part. The audience gasps. The New Edison stands revealed. It has taken up Signor Friscoe's performance, and is now RE-CREATING it alone. The effect of this extraordinary magic can rest upon only one fact: No one can distinguish any difference between Signor Friscoe's performance and its RE-CREATION by the New Edison. Signor Friscoe could not possibly imitate the New

Edison, because the xylophone can not be made to imitate any other instrument, so as to deceive its hearers.

Signor Friscoe's act is not an Edison enterprise. He has simply been clever enough to use the New Edison for what it is worth. Why don't you?

PRICES

The price of the New Edison has increased less than 15% since 1914. This includes the War Tax.

Mr. Edison has staved off price advances by personally absorbing more than half of the increased cost of manufacture.

Because of the exceptionally high quality of materials and workmanship demanded by the Edison Laboratories, and the continued scarcity of both, it may be necessary to advance prices. But rest assured that this will not occur, unless Mr. Edison is forced to it.

Our Budget Plan—the thrift way of spending—will help you buy now. Let us tell you about it.

The Lair Company

Eagle Trading Stamps Given With Every Purchase

We have adopted the Eagle Trading Stamp System, which entitles every purchaser of 10¢ worth of goods at our store to one stamp. When 1000 stamps have been placed in the purchasers book they are entitled to \$2.00 in cash or \$2.50 in trade. This system is used extensively in the cities and has proven most satisfactorily. Come in and let us explain it to you more fully.

We are now receiving our Fall line of goods that we will be glad to show you.

SIKESTON, MO.

16-INNING GAME AT POPLAR BLUFF

Sikeston baseball fans who went to Poplar Bluff Sunday to see the second game of the series, saw SOME GAME. Both teams were in splendid condition and a sixteen inning game, that was only called on account of darkness, resulted in a 1-1 score. A pitchers battle was indicated at the beginning of the game, but each pitcher was given such splendid support that it was all team work with not a man caught napping.

Sikeston scored in the first inning and Poplar Bluff about the fourth. Everybody was keyed up to the highest pitch at one time when Poplar Bluff had the bases full and not a man down. It looked like Poplar Bluff would score in spite of fate, but Sloan tightened up and fanned 'em beautifully, one after another. Quite a number of Sikeston fans staid over to see the third game of the series played Monday afternoon.

Washington, Sept. 1.—Although a technical state of war still exists between the United States and Germany and Austria, trade with those countries is rapidly increasing. Reports of the Department of Commerce show that exports to Germany totaled \$202,176,079 during the 12 months ended last June 30, as compared with \$8,818,882 during the corresponding 12 months the year before. Imports from Germany jumped from \$944,981 in 1919 to \$45,085,975 during the year ending July 1.

Exports to Austria as distinguished from Austria-Hungary were valued at \$11,847,127, as compared with nothing the year before. Imports from that country for the same period were valued at \$587,108. Trade with Russia in Europe also showed a substantial increase in the past year, exports being valued at \$34,639,901, as compared with \$11,000,000 the year before. Imports from that country however, were valued at only \$2,443,288.

A sixty-pound watermelon, grown by George E. Cain, is to be one of Mississippi County's exhibits at the Southeast Missouri District Fair at Sikeston next month. The large melon was presented by Mr. Cain to the Farm Bureau for exhibition, it being the largest, it is thought, to be produced in Southeast Missouri this season.—Charleston Courier.

While the people of Missouri are discussing whether or not the League of Nations should be ratified, they should not forget that there is a matter of vital importance to this State which the voters will have an opportunity to ratify at the election in November. This is the Workmen's Compensation Law, enacted by the last Legislature. The law has been suspended, but the people can ratify it by their votes and make it effective.

ROBERT HARRON DIES FROM PISTOL WOUND

New York, September 5.—Robert Harron, 27 years old, moving picture actor, died at Bellevue Hospital today from a wound received in his apartment at the Hotel Seymour September 1, when his revolver was discharged accidentally. Relatives are on the way from California, it was said. Tentative arrangements for the funeral are being conducted by David Wark Griffith, who elevated Harron from an office boy to stardom and who had been a constant attendant at his bedside.

Harron, whose meteoric rise to fame has been one of the favorite traditions of the moving picture industry, gained prominence by his work in "The Birth of a Nation," "Intolerance," and "Hearts of the World" under Griffith's direction. Of late he has been starred in his own productions.

According to the police, Harron was unpacking a trunk in his room at the Seymour and was taking the revolver from a pocket of a coat when it fell to the floor and was accidentally discharged. A 38-caliber bullet struck him in the left side of the chest.

At Bellevue the actor was placed under arrest on a technical charge of violation of the Sullivan law for having a loaded revolver in his possession.

Miss Dixie Fox returned Friday from a visit with friends in Caruthersville.

Misses Lois Powers and Margaret Hanner returned Saturday morning from a visit with relatives in Chicago.

Mrs. Milton Haas returned Saturday from St. Louis, where she had gone for a much needed rest and to visit relatives.

Mrs. Clay Stubbs spent several days last week with Mrs. Sayers Tanner in her country home a few miles north of this city.

Misses Eula Salyer and Jessie Bolton returned Saturday to their home in Parma after a visit here with their aunt, Mrs. F. F. Young.

Mrs. A. W. Robertson of Cape Girardeau was a guest for the week end of Mrs. W. H. Sikes. Mrs. Robertson was formerly Miss Freda Haslinger of the Sikeston High school faculty.

Mrs. W. H. Widdows and Mrs. W. H. Gentry left Monday for a two weeks visit in Carbondale. They were accompanied by their sister, Mrs. A. E. Whitesides of Carbondale, who has been visiting here the past week.

Miss Altha Tayloe, of Sikeston and Carl H. Fricke, of this city, were married yesterday afternoon by Justice Schultz. The couple will make their home on the Jackson road in a bungalow recently purchased by Mr. Fricke. The bride is well and favorably known here, having previously been a resident of the city.

'Charlie', as he is known to the student of the Teachers College, where he has been janitor for the past fourteen years, was born in Germany. He came to this country while still young and has lived in this vicinity most of the time while here. He is familiar with all the conditions of the county when most of it was wilderness and oftentimes regales the young men students of the college with the tales of days of yore.—Cape Girardeau Sun.

Harry H. Hope went to St. Louis Friday to meet Mrs. Hope, who was returning from a trip to California.

Miss Helen Grojean arrived Saturday morning from Dexter to resume her work as teacher in the Elementary School.

Theodore Slack, who spent several weeks at Lake Delavan and other Wisconsin resorts returned home Thursday afternoon.

Mrs. Louis Farris and children went to Chaffee Friday afternoon to visit relatives until after the Chaffee Labor Day celebration.

Mrs. Olive De Lisle, wife of the postmaster at Portageville, died Thursday, September 2, of paralysis. She is survived by her husband and two sons, Norval and Richard De Lisle. Funeral services were held in Portageville Saturday morning at 9 o'clock.

See our line of organdies and voiles.—Pinnell Store Co.

Miss Bess Dreese of Columbus, Ky., is visiting her aunt, Mrs. Mary Griffith and family.

A. B. Potts, Special Agent for the Hartford Fire Insurance Company, visited in this city last week, the guest of Theodore Slack.

The receipts at the New Hamburg Community Harvest Festival last Tuesday were in the neighborhood of \$3000. The affair was a complete success in every way despite the rainy day.

S. M. Dailey returned, by automobile Friday night from St. Louis, where he had been to purchase stock for the new Dailey & Heston Store at Vanduser. Mr. Dailey reports cotton goods being slightly off in price and that there are indications of a drop in other things.

Seed Wheat Seed Rye---Rosen

Alfalfa, Timothy, Red Top, Blue Grass, Orchard Grass, Alsike Clover, Crimson Clover, Red Clover etc. It is our aim to keep on hand the best grade of the above-named seeds for the fall seeding season.

Rosen Rye

Will have a car of Rosen Rye direct from the Rosen Rye fields of Michigan. If you are a rye grower don't fail to sow some of it. Would be glad to send you a sample of the seed.

Seed Wheat

Will have a car of first class seed wheat from the State of New York. This wheat is grown by one of the largest farm seed growers in the United States and is bred up for seed purposes and sold for seed only. Will have both smooth and bearded. Improved Fulz, a smooth wheat. No. 10, a bearded wheat bred from ten different varieties of bearded wheat—a great weather and fly resister—and should be sown extensively in Southeast Missouri this fall.

See our seed and get our prices on anything you may need in the seed line.

The man who spends time
pumping water is losing
money.

For an operating cost of one cent a day, a V-K Water Supply System will supply all the water you need automatically. Water under pressure for the livestock, for fire protection and hose use, cold drinking water direct from the well, and soft water for the kitchen, laundry and bath—all are available at the turn of a faucet.

V-K WATER SUPPLY SYSTEMS

Electric, Gasoline or Kerosene

These systems are absolutely without a rival. They have essential, exclusive, patented features which make them trouble proof, dependable and economical. None other can use the patented V-K Kolap which brings cold water direct from the well, nor the V-K self-priming pump that starts on the first stroke and never clogs, nor the V-K patented wiper that keeps water from the oil chamber, nor the special V-K clutch-type motor, nor the V-K oil distributing device, nor the V-K automatic self-starting and self-stopping switch.

SIKESTON PLEADS NOT GUILTY THIS TIME

The baby is still here, what's become of the mother?

D. W. Revelle of the Revelle rooming house, on Main street, and Mrs. C. I. Hobbs, wife of the Frisco news manager, would like to know.

A nicely dressed woman went to the rooming house at 1 o'clock Thursday night and asked to be assigned a room. She carried a young infant and a black traveling bag.

After registering as "Frances Anderson, Sikeston," she was shown to a room.

Some time later Revelle heard the baby crying and as there seemed to be no one caring for it he went to the room and knocked on the door. Getting no answer, he opened the door and found the baby, which had been crying so lustily and long it was almost black in the face.

But the woman was gone. Not knowing just how to get the baby quieted, Revelle sought aid. He went to the Frisco station to see if he could find the mother. She was not there.

He told his trouble to Mrs. Hobbs, wife of C. I. Hobbs, manager of the news stand in the station. Mrs. Hobbs accompanied him to the hotel and took charge of the baby and succeeded in getting it pacified. She has the baby yet and nothing has been heard of the mother.

The baby is about a week old is a boy and seems a healthy, sturdy youngster.

Mrs. Hobbs says if no one else will take the child and promise to give it a good home she will keep it.—Cape Missourian.

NEGRO BURGLAR GOES TO THE PEN

Chas. Scott, the negro, who was captured here two weeks ago by officers Monan and Roly McDonald, was tried Thursday at Benton and sentenced to five years in the penitentiary. Scott was a member of the Highway Construction gang working near Benton. He robbed the man in charge of the Commissary department of \$90 and a watch and made a get-away. Authorities here were notified to watch out for him. McDonald "spotted" him next day and when Mr. Nigger was told he was wanted at the City Hall, he flourished a gun and informed McDonald that he wasn't going. McDonald being unarmed, let him go until he could find a gun.

Mr. and Mrs. Gord Dill and child, and Mrs. Lottie Seimers returned Friday night from an overland trip to Kentucky.

Mr. and Mrs. Roy Wadlington, who have been visiting Mrs. LeRoy Moore and Mrs. C. M. Smith Sr., returned Monday to their home in Rector, Ark.

Ralph McDonald of Paragould, who has been visiting his uncle, Roly McDonald and family, returned home Sunday. Miss Lora McDonald accompanied him as far as Poplar Bluff.

Miss Bernice Waltemate returned Monday from a brief visit with homefolks in Poplar Bluff.

Mrs. D. R. McDonald and three sons, who visited last week at the home of Roly McDonald, returned Monday to their home in Paragould.

Mrs. Antone Meiderhoff went Monday to Poplar Bluff to meet her daughter Mrs. Frank Shoen of Texarkana and Miss Anna Meiderhoff. Miss Anna has been with her sister in Texarkana for several weeks past.

News was received her Sunday of the marriage of Landon Wilson, son of Mr. and Mrs. W. J. Wilson of this city and Miss Tenrietta Armstrong of Illinois. The marriage took place Sunday morning at Catron and the young couple left on the north bound train for a few days stay in St. Louis.

Listen! The pastor of the colored Methodist Church, who has been stationed at Sikeston for the past year, has raised something like \$900 to erect a church house for his people. The trouble now is: To find a lot on which to place the church. Sikeston has about 100 colored citizens and they need a place of their own in which to be good citizens, obey the laws, and work to uplift their race, and are wondering why it is that they are unable to purchase the needed ground for their building.

GERMANY DUMPING SURPLUS GOODS IN U. S. AND ENGLAND

Washington, August 31.—Germany is dumping its surplus of inferior goods in the United States and England and is making its exports to Great Britain "Made in America" and its exports to the United States "Made in England," official advices received here today stated.

German exporters are following this practice, the advices said, in an effort to regain their former foreign trade and to realize quickly large sums on manufactured articles which otherwise might not be sold because of popular prejudice. Such tactics are discrediting American manufacturers in England and British manufacturers in the United States, the advices declared.

Mrs. H. H. Jordan and Mrs. C. E. Duke visited Monday at the L. D. Randol home.

T. Tyson of Morehouse, a son of Mr. and Mrs. M. S. Tyson, enrolled Thursday in the Banking Department of the Chillicothe Business College.

Sister Marita and Sister Emmeline of St. Mary's Infirmary at Cairo, visited Mrs. C. H. Harris Saturday and Sunday. They were en route home from Caruthersville, where they attended the funeral of Miss Vivian Irene Tinsley, a nurse at the Infirmary, who was killed in an auto accident in St. Louis.

Elizabeth and Charles Corrigan, who have been visiting their grandmother, Mrs. Bettie Matthews, returned Friday to their home in Poplar Bluff.

Several weeks ago A. B. Skillman stepped on a large rat and was bitten on the ankle. Home remedies were applied on the wound, which healed without showing signs of giving further trouble. Last week Mr. Skillman noticed the place was badly inflamed and it soon became extremely painful. Within a few hours he was unable to walk and his fever ran so high the physician became very much alarmed. This condition continued for several days. In the center of the wound, a place about as large as a silver dollar, the flesh is dead and now shows signs of dropping out. Mr. Skillman is, just now able to hobble about the room on crutches.

SUBMARINE WIRELESS PLANT

German Apparatus for Signaling U. S. Boats Found.

Malta, Aug. 31.—A complete wireless apparatus which was anchored in 20 fathoms of water off Melleha Bay, with the mast and working parts below the surface to a depth of about eight fathoms, has been discovered by a party of fishermen.

The apparatus, which was subsequently removed by the dockyard authorities for an examination, is of German construction and is complete in every detail. Undoubtedly signaling went on regularly during the war with submarines lying in wait for British vessels, it being quite possible to sink the mast before the operations were detected.

Misses Dorothy Alexander and Helen Ostner of Charleston visited last week at the home of Mrs. Joe Matthews.

Miss Laura Keller of Cape Girardeau was in Sikeston a few days last week for a visit with Miss Hazel Stubbs. Miss Keller expects to leave soon to study voice in New York City.

Dr. V. D. Hunter and family returned Friday morning from a motor trip to Louisville and other points in Kentucky. They report a delightful trip over, but on the return trip found miles and miles of muddy roads.

CONFEDERATES MAKE MALDEN THEIR CAMP

The annual re-union of John P. Taylor Camp, United Confederate Veterans, was held in Malden Friday, August 27, with only ten out of a membership of forty-two, present. The Camp was organized about 21 years ago with a membership of 300. The entertainment began at noon with a barbecued dinner served in the basement of the Methodist Church. The Malden orchestra delighted the Veterans with a number of pleasing selections including "Dixie," always the favorite of the "Rebels" and "Yankee Doodle" as a compliment to the one lone "Yank" who was the guest of his former foes.

Back of the speakers' rostrum, in the church auditorium, where the business meeting was held, was hung the Stars and Stripes and a historic Confederate battle flag of the 10th Louisiana Regiment. This flag was last used in the Battle of Shiloh. In this battle the Commander of the regiment, Col. James M. Hollingsworth, was killed. After the battle the members of the regiment sent the flag to his widow. Col. Hollingsworth was an intimate friend of Col. Henry N. Phillips. In 1912 Col. Phillips visited his old home and while there, the widow of his friend sent for him. She requested him to keep it as long as he lived and when he died to be buried in its folds. Col. Phillips prizes the flag very highly and will comply with her request.

The 1921 reunion will also be held in Malden, it having been decided last year to make Malden their permanent meeting place.

Extra special. 99c on men's dress shirts.—Pinnell Store Co.

Miss Anna Clayton, who has been visiting her parents, Mr. and Mrs. M. L. Clayton, returned Friday afternoon to Cape Girardeau.

E. M. Harmon, Dairy Extension Specialist of the State College of Agriculture, visiting W. E. Foard Friday. Mr. Harmon had been in the New Hamburg and Egypt Mills communities looking over the splendid Guernsey herds. There has been some talk of forming a Scott and Cape County Cow Testing Association, but Mr. Harmon advised against it until there is a greater number of herds.

Mrs. Murray Klein and Miss Camille Klein entertained Monday afternoon with a Five Hundred party. The guest list included Miss Daisy Garden, Mrs. J. E. Smith Sr., Mrs. H. J. Stewart, Mrs. W. S. Way, Mrs. E. C. Matthews, Mrs. Leonard McMullin, Mrs. Joe Matthews, Mrs. Tom Roberts, Mrs. Charles Dover, Mrs. Harry Dover, Mrs. C. D. Matthews Jr., Mrs. C. L. Blanton, Mrs. Harry C. Blanton, Mrs. Chas. Prow, Mrs. A. C. Sikes, Mrs. Harry Smith, Mrs. Paul Anderson, Mrs. Jesse Kimes, Mrs. Walter Clymer, Mrs. R. E. Wylie, Mrs. Earl Johnson, Mrs. W. B. Malone, Mrs. Frank Van Horne, Mrs. J. H. Yount, Mrs. Lynn Stallcup, Mrs. E. A. Lawrence, Mrs. Caleb Matthews and Mrs. Lyman Matthews of Oran.

SIKESTON COUPLE MARRIED AT MORLEY

Miss Irene Randol and Arnold Stone surprised their many friends, when they slipped away Thursday evening and were married at Morley, Rev. Patterson of the Morley Baptist Church officiating. The young couple gave no hint of their intention when they started, presumably for an auto-ride. The distance to Benton was quickly covered, a license obtained and they drove back to Morley to be married.

The bride, the daughter of Mr. and Mrs. Lowndes D. Randol, was born and reared here, graduated from the High School with the 1920 Class, and for the past few weeks has been employed in the office of the Southwestern Bell Telephone Co.

The groom is the son of Mr. and Mrs. Parham Stone, living a few miles above this city. He, also attended Sikeston High School and spent several months during the war, in training with the U. S. Navy.

The young couple plan to go to housekeeping on a farm above town as soon as they can get possession of the place.

The Standard extends congratulations and best wishes.

DEMOCRATIC STATE COMMITTEE READY

The new Democratic State Committee this week opened headquarters in the Pontiac Building, Seventh and Market streets, St. Louis, and is prepared to carry on an active and aggressive campaign in behalf of the entire Democratic ticket.

C. E. Yancey of Liberty, chairman of the committee, and his associates, have thrown off their coats and have plunged into their work enthusiastically.

In his opening statement, Yancey declared that with the "Democratic Party standing for continued prosperity and welfare of our people but not unmindful of our obligations to humanity and the other nations of the world, and with the splendid personnel of our ticket, both State and National, that Democrats should be proud to support and work for them and there should be no lagging."

Former Senator Kirk Hawkins of Springfield, is directing the work of the speakers' bureau. Doc Brydon of Bloomfield and J. E. Boggs of Columbia, are members of the bureau. Mrs. J. W. McKnight of King City, and Mrs. Kate Morrow of Jefferson City, chairman and secretary, respectively, of the Woman's Democratic State Committee, are at the headquarters and are actively directing the campaign among the Democratic women.

Mr. and Mrs. C. D. Matthews Jr. and "Buddy" went Monday to St. Louis for a few days stay.

The Game of School started in Sikeston Monday morning with a professional on every bag. About a thousand rooters were present to enjoy the winter's game and it is hoped that everyone will get its money's worth.

Bruton's Big Type Poland China Hog Sale

RECORD IN CATTLE TESTING

Federal and State Authorities Have 537,240 Head Under Supervision in Many Sections.

From time to time the bureau of animal industry publishes a "communiqué" showing conditions along the wide battle front where the allied forces of federal and state authorities are fighting cattle tuberculosis.

The latest report indicates that since the beginning of the movement in 1917 the owners of 500,000 cattle have placed their herds under supervision.

On April 1, 1920, 25,793 herds scattered throughout the United States, with a total of 537,240 cattle, were under the co-operative supervision of the department of agriculture and state veterinarians. There were 2,230 accredited herds—60,237 cattle known to be free from the plague.

A Typical Native Scrub, and Obstacle to Progress in Live Stock Improvement.

Over 115,000 cattle were on the waiting list to be tested as soon as the veterinarians can work with them. Still another lot of 258,331 cattle have passed through the first stage of the test without showing any dangerous symptoms. The least optimistic estimate indicates that two-thirds of this number will conclude the test satisfactorily, and add 170,000 cattle to the accredited column.

HAMM HAS PUREBREDS ONLY

South Dakota Farmer Asks Enrollment in "Better Sires—Better Stock" Movement.

Declaring that not only all his sires but likewise all his female breeding animals were purebred, Charles P. Hamm, a South Dakota farmer, applied for enrollment in the "Better Sires—Better Stock" campaign conducted by the United States department of agriculture in co-operation with state agencies. He is a breeder of Short-horn cattle, Percheron horses, Duroc-Jersey hogs, Rhode Island Red chickens, and Bourbon Red turkeys.

The better-sires movement is aimed particularly at the use of superior purebred sires, but the majority of those enrolled also keep some female stock. Mr. Hamm, however, is the first person officially listed as keeping five classes of live stock in which all the animals—both male and female—are purebred.

GRAIN FOR HOGS ON PASTURE

Full Feed Is Not Economical Where Grass Is Plentiful—Some Protein Feed Favored.

Hogs on pasture require grain for greatest profit in pork production, but a full feed is not economical when pasture is plentiful and grain high-priced. When corn alone is fed a limited ration is considerably cheaper because the forage crop takes the place of much of the grain.

Some protein feed, such as tankage or skim milk, is recommended to be fed in small quantity along with corn and pasture to pigs weighing less than 100 pounds. Pork production is usually too expensive when such feeds are given to large hogs, especially if they are on such pasture as alfalfa, clover, rape or soy beans, all of which are high in protein.

INDIANS FAVOR IMPROVEMENT

Live Stock Owned by Navajos in New Mexico to Be Bred to Purebred Sires in Future.

More than 191,000 head of live stock owned by Navajo Indians in New Mexico henceforth will be bred only to purebred sires. The female stock includes 3,000 cattle, 8,000 horses, 150,000 sheep, and 30,000 goats, besides smaller numbers of swine and poultry.

The Indians have signified their support of the "Better Sires—Better Stock" movement. The United States department of agriculture is co-operating in supplying the Indians with literature dealing with live-stock improvement.

ESSENTIALS FOR SWINE

The following combination should be kept before the hogs at all times:

One hundred pounds of slaked coal or wood ashes, four pounds air slaked lime, two pounds common salt, one pound epsom salts.

Mix thoroughly and sprinkle over the combination the following solution:

Two pounds copperas dissolved in one quart boiling water.

RESULT OF SPRAYING TO CONTROL ARMY WORM

While the army worms were so active in the destruction of Missouri's crops this summer, spraying was one of the measures taken to control them. Agent Flanery, Dunklin county, sprayed several fields of corn the first week in August. Two weeks later he visited the demonstrations and saw that spraying had effected control of the worms. In his report to the University of Missouri College of Agriculture he says: "You can tell to an inch the height of the corn when it was sprayed. The worms stopped eating and the corn grew out nice and fresh with not a puncture in the blades or stalks. We had a good opportunity to make comparison with an infected field not sprayed. This field of corn looks very inferior to the one sprayed. About half the blades are entirely gone and all are more or less punctured and chewed up. Both fields are now in silk and tassels. The sprayed field promises an ordinary crop, while the field not sprayed looks as if it will make no more than a half crop."

We are showing a nice line of Ladies Muslin Underwear at the right prices.—Pinnell Store Co.

Alexander Mosely has missed a lot of hay from his stack on Putonia Ridge. Suspicion rests on Miss Lidia E. Peck as she looked much larger at church Sunday than she did the last time anybody saw her dressed up.—Hogwallow News.

A. J. Matthews, the Skeston capitalist and big land owner arrived in Portageville Sunday evening with a surveying force, we learn to make arrangements to put in between 300 or 400 acres of his land west of the L. C. Phillips plantation in the Little River District, in wheat this fall. He went out Monday to view the land and will put in ten tractors to do the plowing.—Portageville Missourian.

MAN ASKS RIGHT TO SEEK MISSOURI HIDDEN TREASURE

Jefferson City, Mo., September 2.—The Governor received a letter today from Orrin McDonald of Kansas City, in which authority to seek hidden treasure in this state was asked. He says a vast amount of money and valuables were hidden in Missouri during the Civil War and since that time, and if the Governor will give him a license to hunt for this wealth he will return 10 per cent on all he finds to the state.

He also asks the Governor to make inquiries about any localities where it is supposed money was hidden, as the state will have direct interest in the success of his project. So far the Governor has not replied to the letter, and if he does, McDonald will be informed that the state does not license seekers after hidden treasures and he will be at liberty to keep all he finds.

NEWS PRINT PAPER PRICE RAISED TO \$130 PER TON

New York, September 2.—The International Paper Company announced today that prices for the fourth quarter newsprint in rolls will be \$6.00 a hundred pounds, or \$130 a ton. Prices in effect for the current quarter is \$115 a ton.

Contract prices for newsprint furnished by the International Paper Company are adjusted each quarter; the price to be charged is based on costs of production. Price for the first quarter of this year was \$90 and \$100 for the second quarter.

In announcing a price of \$130 a ton for the final quarter of the year the International's quotation is now the same as that of the Canadian Export Paper Association, which handles the greater part of the shipments from Canada.

The Skeston Standard \$2.00 per year

BOLSHEVIK PROPAGANDA BASE FOUND IN MEXICO

Washington, September 2.—The Mexican Government has come into possession of information, which seems to indicate that certain Bolshevik leaders some months ago selected Mexico as a base of operations from which to propagate Bolshevism in the Western world.

It is stated that the De la Huerta Government has reported the facts in the case to all the governments in North and South America, and the exposure of the Bolshevik plots in Mexico, has, within the last few days, led the De la Huerta Government to order the expulsion from Mexico of several of the most prominent leaders in the movement, one of them a New York draft dodger, Lynn E. E. Gale, who, since 1917, has been editor of the most bitterly anti-American paper published in Mexico.

According to the information reaching Washington, the De la Huerta investigation disclosed that the movement in Mexico was directed from Europe, probably from Russia, and that among other things the leaders had planned for demonstrations in various North and South American countries on January 1 next.

The fact that vicious propaganda was being waged in Mexico came to the attention of the Mexican Government as the result of the circulation in the Mexican Army and military schools of treasonable circulars, the appeals being directed in many instances to soldiers about to be mustered out of service by orders of President De la Huerta.

ELLIS ISLAND IMMIGRANTS RIOT AT SIGHT OF SUGAR

New York, September 2.—A "sugar bowl" riot broke out among the 1750 immigrants in the Ellis Island dining room today when, for the first time since the war sugar substituted for molasses to sweeten coffee, was put on the tables. Several aliens were removed to hospitals, one with three fractured ribs.

Some of the hundreds had not seen sugar since the first months of the war. They immediately began to delve with their fingers into the sweet stuff.

General attacks were launched at a few who tried to pocket the bowls. Before the riot ended all guards, wait-

ers and kitchen employees had to be rushed to the scene.

Individual sugar packages will be distributed hereafter at meals, it was announced later.

See our line of men's and boys' pants.—Pinnell Store Co.

Chicagoan is the inventor of a hoist to lift either end of an automobile or motor truck sufficiently for a man to work under it without lying down.

Sister Mary Dominic, pharmacist at St. John's Hospital in St. Louis, has been notified by the Missouri Pharmaceutical Board of Examiners that she has received the highest grade of all the candidates taking the examination in Missouri this year.

STARVING PARENTS SELL DAUGHTERS FOR \$10.00

Peking, September 2.—Girls are being sold by their parents in famine ridden districts a short distance south of Peking, according to advices received here today. Girls 10 years of age have been sold for \$10, it is reported in a petition for relief received today by the Ministry of Interior. Famine conditions are due to drought, visitation of locusts and the recent devastation wrought by fighting troops.

The cork from hundred of thousands of life preservers in England is being removed to be manufactured into linoleum.

You can hear it in our store

—the phonograph that is featured in Vaudeville's strangest act

Perhaps you've seen it—Signor Friscoe's "Magic" Xylophone Act.

It's the hit of vaudeville's "Big-Time."

Signor Friscoe's "magic" is an Official Laboratory Model of the New Edison. We have one exactly like it.

Signor Friscoe's instrument is an exact duplicate of the original Official Laboratory Model, which cost Mr. Edison three

million dollars to perfect. Our instrument is also an exact duplicate of this famous three million dollar original. We guarantee it to be able to give the same marvelous RE-CREATIONS of music, which Signor Friscoe's Official Laboratory Model gives in vaudeville.

Come in and test the astonishing realism of this instrument for yourself—in Mr. Edison's Realism Test.

The NEW EDISON

"The Phonograph with a Soul"

You've read how the New Edison has proved its perfect realism. Four thousand tests have been given, in which more than 50 different artists compared their art with its RE-CREATION by the New Edison. Leading newspapers conceded that there was no difference between the two.

Has any one suggested to you that these comparison tests are "faked"—that the artist imitates the New Edison?

Signor Friscoe's performance makes such an assertion positively ridiculous. Every week, 20,000 people see his hammers ripple over the xylophone keys. Suddenly he holds them aloft—still.

The rippling music continues.

Slowly, the gorgeous curtains of the back-drop part. The audience gasps. The New Edison stands revealed. It has taken up Signor Friscoe's performance, and is now RE-CREATING it alone. The effect of this extraordinary magic can rest upon only one fact: No one can distinguish any difference between Signor Friscoe's performance and its RE-CREATION by the New Edison. Signor Friscoe could not possibly imitate the New

Edison, because the xylophone can not be made to imitate any other instrument, so as to deceive its hearers.

Signor Friscoe's act is not an Edison enterprise. He has simply been clever enough to use the New Edison for what it is worth. Why don't you?

PRICES

The price of the New Edison has increased less than 15% since 1914. This includes the War Tax.

Mr. Edison has staved off price advances by personally absorbing more than half of the increased cost of manufacture.

Because of the exceptionally high quality of materials and workmanship demanded by the Edison Laboratories, and the continued scarcity of both, it may be necessary to advance prices. But rest assured that this will not occur, unless Mr. Edison is forced to it.

Our Budget Plan—the thrift way of spending—will help you buy now. Let us tell you about it.

The Lair Company

Eagle Trading Stamps Given With Every Purchase

We have adopted the Eagle Trading Stamp System, which entitles every purchaser of 10c worth of goods at our store to one stamp. When 1000 stamps have been placed in the purchasers book they are entitled to \$2.00 in cash or \$2.50 in trade. This system is used extensively in the cities and has proven most satisfactorily. Come in and let us explain it to you more fully.

We are now receiving our Fall line of goods that we will be glad to show you.

New Madrid St. Opposite Bank of Sikeston
SIKESTON, MO.

16-INNING GAME AT POPLAR BLUFF

Sikeston baseball fans who went to Poplar Bluff Sunday to see the second game of the series, saw SOME GAME. Both teams were in splendid condition and a sixteen inning game, that was only called on account of darkness, resulted in a 1-1 score. A pitchers battle was indicated at the beginning of the game, but each pitcher was given such splendid support that it was all team work with not a man caught napping. Sikeston scored in the first inning and Poplar Bluff about the fourth. Everybody was keyed up to the highest pitch at one time when Poplar Bluff had the bases full and not a man down. It looked like Poplar Bluff would score in spite of fate, but Sloan tightened up and fanned 'em beautifully, one after another. Quite a number of Sikeston fans stayed over to see the third game of the series played Monday afternoon.

Washington, Sept. 1.—Although a technical state of war still exists between the United States and Germany and Austria, trade with those countries is rapidly increasing. Reports of the Department of Commerce show that exports to Germany totaled \$202,176,079 during the 12 months ended last June 30, as compared with \$8,818,882 during the corresponding 12 months the year before. Imports from Germany jumped from \$944,981 in 1919 to \$45,085,975 during the year ending July 1.

Exports to Austria as distinguished from Austria-Hungary were valued at \$11,847,127, as compared with nothing the year before. Imports from that country for the same period were valued at \$587,108. Trade with Russia in Europe also showed a substantial increase in the past year, exports being valued at \$34,639,901, as compared with \$11,000,000 the year before. Imports from that country however, were valued at only \$2,443,288.

HIDES WE BUY ALL KINDS— WALPOLES MARKET.

Mr. and Mrs. F. F. Young spent the week end with relatives in Parma.

Miss "Jerry" Turner visited over Sunday with Miss Elsa Proffer in Poplar Bluff.

For Rent—Five-room house, furnished. Electric lights. Apply to Mrs. A. Smith, phone 30.

Miss Catherine Yount came in from Cape Girardeau Sunday for a visit with Dr. and Mrs. J. H. Yount.

J. E. Smith Sr., of St. Louis, leading figure in the Aerocruiser Corporation was here Saturday looking over his farm interests and on his return trip via auto to his Sikeston home, was accompanied by his nephew J. E. Smith Jr., and family, who returned to Lilbourn Sunday.—Lilbourn Herald.

A sixty-pound watermelon, grown by George E. Cain, is to be one of Mississippi County's exhibits at the Southeast Missouri District Fair at Sikeston next month. The large melon was presented by Mr. Cain to the Farm Bureau for exhibition, it being the largest, it is thought, to be produced in Southeast Missouri this season.—Charleston Courier.

While the people of Missouri are discussing whether or not the League of Nations should be ratified, they should not forget that there is a matter of vital importance to this State which the voters will have an opportunity to ratify at the election in November. This is the Workmen's Compensation Law, enacted by the last Legislature. The law has been suspended, but the people can ratify it by their votes and make it effective.

ROBERT HARRON DIES FROM PISTOL WOUND

New York, September 5.—Robert Harron, 27 years old, moving picture actor, died at Bellevue Hospital today from a wound received in his apartments at the Hotel Seymour September 1, when his revolver was discharged accidentally. Relatives are on the way from California, it was said. Tentative arrangements for the funeral are being conducted by David Wark Griffith, who elevated Harron from an office boy to stardom and who had been a constant attendant at his bedside.

Harron, whose meteoric rise to fame has been one of the favorite traditions of the moving picture industry, gained prominence by his work in "The Birth of a Nation," "Intolerance," and "Hearts of the World" under Griffith's direction. Of late he has been starred in his own productions.

According to the police, Harron was unpacking a trunk in his room at the Seymour and was taking the revolver from a pocket of a coat when it fell to the floor and was accidentally discharged. A .38-caliber bullet struck him in the left side of the chest.

At Bellevue the actor was placed under arrest on a technical charge of violation of the Sullivan law for having a loaded revolver in his possession.

Miss Dixie Fox returned Friday from a visit with friends in Caruthersville.

Misses Lois Powers and Margaret Hanner returned Saturday morning from a visit with relatives in Chicago.

Mrs. Milton Haas returned Saturday from St. Louis, where she had gone for a much needed rest and to visit relatives.

Mrs. Clay Stubbs spent several days last week with Mrs. Sayers Tanner in her country home a few miles north of this city.

Misses Eula Salyer and Jessie Bolton returned Saturday to their home in Parma after a visit here with their aunt, Mrs. F. F. Young.

Mrs. A. W. Robertson of Cape Girardeau was a guest for the week end of Mrs. W. H. Sikes. Mrs. Robertson was formerly Miss Freida Haslinger of the Sikeston High school faculty.

Mrs. W. H. Widdows and Mrs. W. H. Gentry left Monday for a two weeks visit in Carbondale. They were accompanied by their sister, Mrs. A. E. Whitesides of Carbondale, who has been visiting here the past week.

Miss Altha Tayloe of Sikeston and Carl H. Fricke, of this city, were married yesterday afternoon by Justice Schultz. The couple will make their home on the Jackson road in a bungalow recently purchased by Mr. Fricke. The bride is well and favorably known here, having previously been a resident of the city.

'Charlie', as he is known to the student of the Teachers College, where he has been janitor for the past fourteen years, was born in Germany. He came to this country while still young and has lived in this vicinity most of the time while here. He is familiar with all the conditions of the county when most of it was wilderness and oftentimes regales the young men students of the college with the tales of days of yore.—Cape Girardeau Sun.

Harry H. Hope went to St. Louis Friday to meet Mrs. Hope, who was returning from a trip to California.

Miss Helen Grojean arrived Saturday morning from Dexter to resume her work as teacher in the Elementary School.

Theodore Slack, who spent several weeks at Lake Delavan and other Wisconsin resorts returned home Thursday afternoon.

Mrs. Louis Farris and children went to Chaffee Friday afternoon to visit relatives until after the Chaffee Labor Day celebration.

Mrs. Olive De Lisle, wife of the postmaster at Portageville, died Thursday, September 2, of paralysis. She is survived by her husband and two sons, Norval and Richard De Lisle. Funeral services were held in Portageville Saturday morning at 9 o'clock.

See our line of organdies and voiles. —Pinnell Store Co.

Miss Bess Dreese of Columbus, Ky., is visiting her aunt, Mrs. Mary Griffith and family.

A. B. Potts, Special Agent for the Hartford Fire Insurance Company, visited in this city last week, the guest of Theodore Slack.

The receipts at the New Hamburg Community Harvest Festival last Tuesday were in the neighborhood of \$3000. The affair was a complete success in every way despite the rainy day.

S. M. Dailey returned, by automobile Friday night from St. Louis, where he had been to purchase stock for the new Dailey & Heston Store at Vanduser. Mr. Dailey reports cotton goods being slightly off in price and that there are indications of a drop in other things.

Seed Wheat Seed Rye---Rosen

Alfalfa, Timothy, Red Top, Blue Grass, Orchard Grass, Alsike Clover, Crimson Clover, Red Clover etc. It is our aim to keep on hand the best grade of the above-named seeds for the fall seeding season.

Rosen Rye

Will have a car of Rosen Rye direct from the Rosen Rye fields of Michigan. If you are a rye grower don't fail to sow some of it. Would be glad to send you a sample of the seed.

Seed Wheat

Will have a car of first class seed wheat from the State of New York. This wheat is grown by one of the largest farm seed growers in the United States and is bred up for seed purposes and sold for seed only. Will have both smooth and bearded. Improved Fulz, a smooth wheat. No. 10, a bearded wheat bred from ten different varieties of bearded wheat—a great weather and fly resister—and should be sown extensively in Southeast Missouri this fall.

See our seed and get our prices on anything you may need in the seed line.
